

# Low-Cost Advertising. High Yield Results.

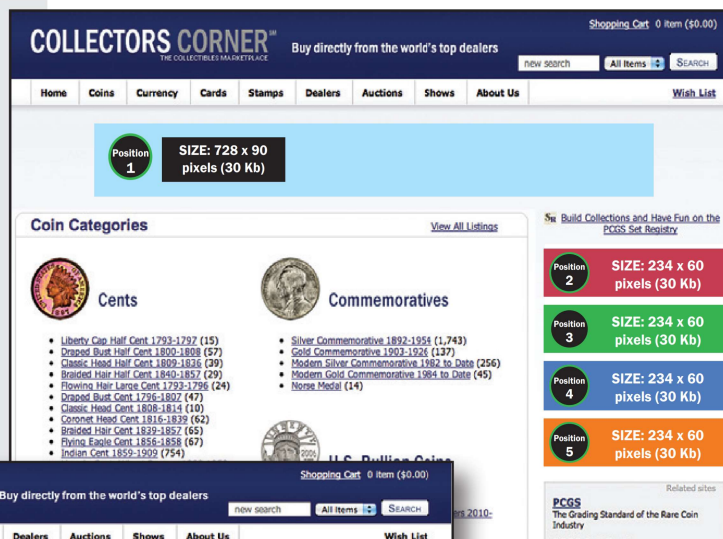

With more than 30,000 U.S. and World coins commanding a declared value of nearly \$60 million listed every day, Collectors Corner is rightly termed The Collectibles Marketplace. Over 65,000 collectors of all levels each month search for items from our extensive listings. It's a marketplace where collectors are likely to find what they're looking for each time they visit. Collectors Corner is a prime location for any online advertiser, tailor-made for CCE members and PCGS dealers who list coins.

Depending upon the location you choose, prices for banner ads on Collectors Corner range from \$50-\$1,500 per month.

*"We have participated on Collectors Corner for a couple years now. What we like most of all are the sales and leads we receive."*
